

Tonka[®]

SEARCH & RESCUE

TONKA® Search & Rescue

Welcome to Tonka Town, where you can participate in exciting rescue missions using Tonka trucks, boats and helicopters. You can also repair, equip, and customize Tonka vehicles. Enter the Tonka Academy to learn the ropes: rescue stranded hikers, battle blazing buildings, or race a rescue boat through a watery obstacle course. Once you are prepared, you can command rescues at 3 mission sites: 1. the earthquake battered zoo, 2. the raging flood, or 3. the blazing harbor! Tonka Search & Rescue encourages your child to use problem-solving skills, rescue know-how, and imagination to get the missions accomplished. Plus, you can enter the Print Center to print out hero awards, personalized newspapers, stickers, and I.D. cards. You can even construct a real Tonka Search & Rescue play set for fun away from the computer.

Tonka Search & Rescue takes you to an animated and colorful place with realistic rescue adventures. Friendly on-screen helpers keep your child entertained, challenged, and rewarded while developing valuable skills.

How to Begin

Be sure to read "Getting Started" in the inside front cover of the CD-ROM case for instructions on installing and launching Tonka Search & Rescue. Installation instructions can also be found on the back of this user guide.

Signing In

When you first launch Tonka Search & Rescue, Tonka Joe™ introduces himself, then the Sign-Up Center appears. Signing in will help save your game and help you create your printable Avery Kids™ Laminated ID Card later in the game.

Enter your name here.

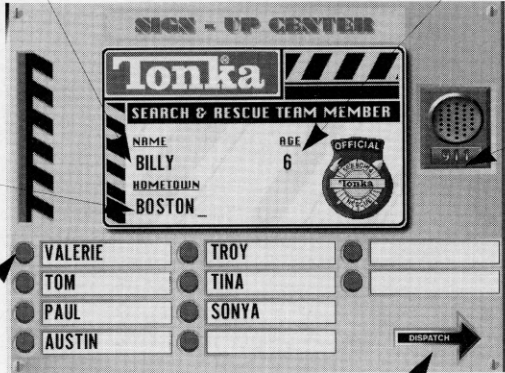

Enter your age here.

Enter your hometown here.

Click 911 whenever you need help.

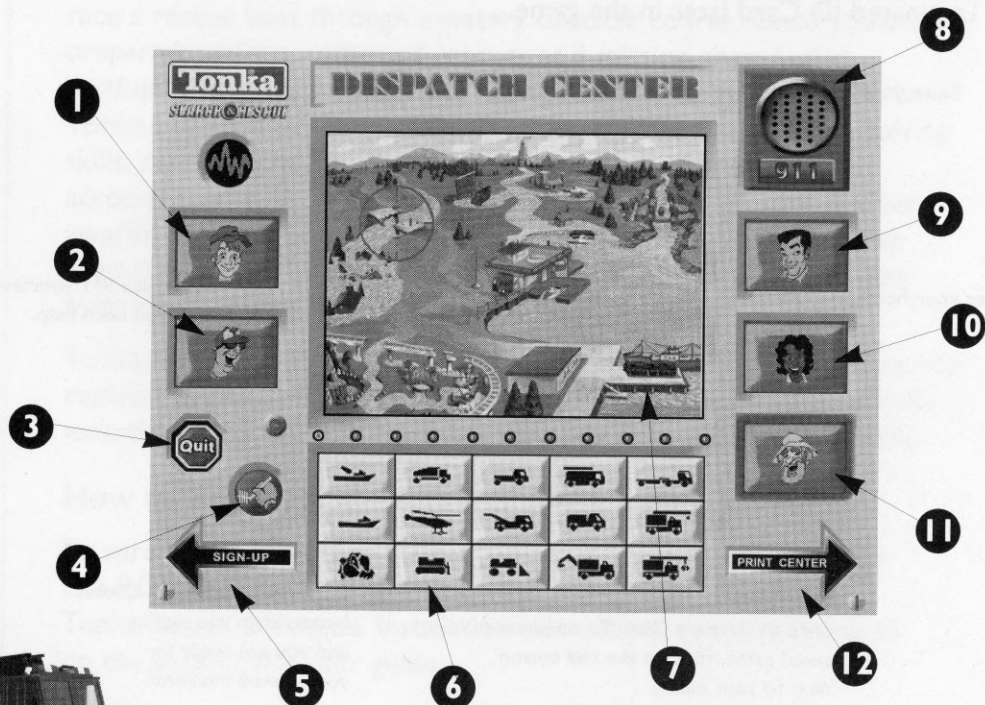

Click on the Dispatch Center button after you sign in and you are ready for your rescue missions!

Your game location automatically saves in these slots. Old saved games are reused once all slots are filled. To continue a saved game, click on the red button next to your name.

The Dispatch Center

The Dispatch Center is the hub of all activity in Tonka Search & Rescue. From here you access the Sign Up Center, the Garage, the Academy, the Missions, and the Print Center.

1 Garage

This is "Suzy Sparks". Suzy Sparks will guide you through the Tonka Garage where you can repair, customize, and equip Tonka vehicles.

2 Tonka Academy

"Coach Blaze" helps you test and improve your skills by rescuing hikers with the helicopter, fighting a blaze with the fire truck, and navigating a watery obstacle course with the rescue boat.

3 Quit Button

Click the Quit button to Exit Tonka Search & Rescue or to view the credits.

4 Status Button

Click the Status button to see how many Awards or Newspapers you have left to earn.

5 Sign-Up Arrow

The Sign-Up Arrow scrolls you back to the Sign-Up Center.

6 Tonka Vehicles

Click one of these buttons to see 3D Tonka vehicles and learn about them.

7 Dispatch Monitor

This is your birds-eye-view on Tonka Town. A mini movie will play here when you click

on the Garage, the Academy or the Missions. Click on the monitor after selecting an area to go there.

8 911 Button

Tonka Joe will give you a run down on how the Dispatch Center works. Consider this a help button.

9 Harbor Mission

A burning warehouse has trapped some sailors on their boat. Nick Park is here to help you fight this blaze.

10 Zoo Mission

Rudy Forest needs your help to save the entire Zoo. A big earthquake has damaged all the habitats and the animals are running wild.

11 Flood Mission

Nate Cod is up to his belly in water. A storm has flooded a neighborhood and all the homes are floating away.

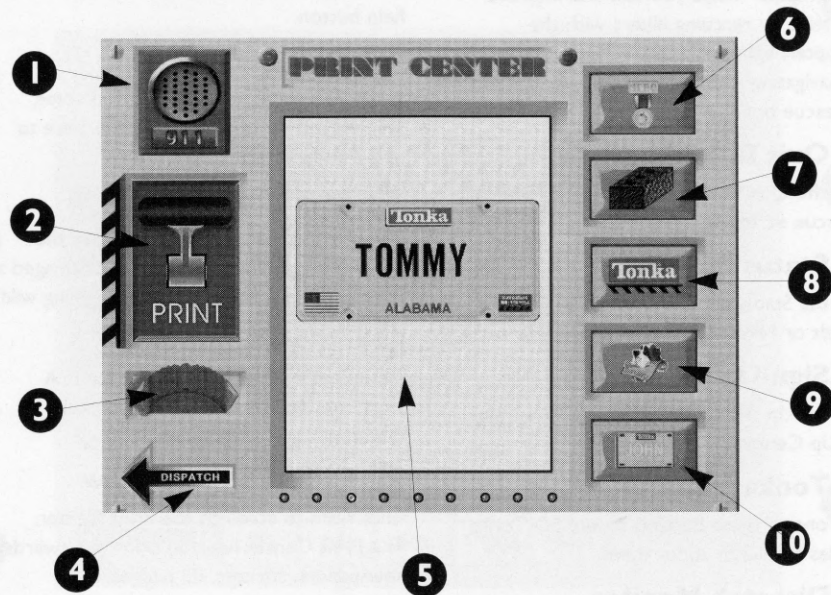

12 Print Center Arrow

Click here to scroll to the Print Center. The Print Center lets you print out awards, newspapers, stickers, ID badges, and construct an activity set.

Print Center

The Print Center lets you print out great stickers, awards, and an entire play set. Use regular printer paper or, for best results, Avery Kids™ printer supplies.

1 911 Button

Tonka Joe™ will give you a run down on how the Print Center works. Consider this your help button.

2 Print Lever

The big blue lever sends the current Print Window object to your printer. Use special Avery Kids™ paper products to make stickers, laminated badges, and activity set pieces.

3 Next Button

Click on the green left or right buttons to scroll the Print Window and see more great items to print out.

4 Dispatch Center Button

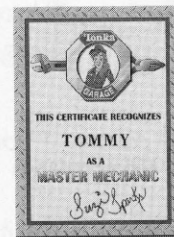

Click here to scroll back to the Dispatch Center.

5 Print Window

View the object that you've selected before you print it out.

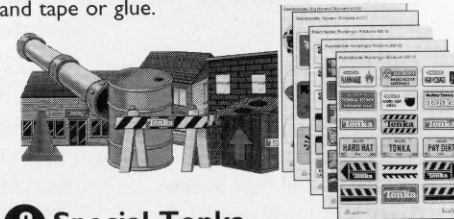

6 Award Button

Once you complete the Garage or the Academy, Come here to view and print out your award certificates.

7 Play set Builder Button

Construct an activity set by printing out patterns and assembling them with scissors and tape or glue.

8 Special Tonka Printables Button

Print out special Avery Kids™ Laminated ID Card or Sticker.

9 Newspapers Button

For each Rescue mission you complete, come here to see and print out a newspaper about your heroic deeds.

10 License Plate Button

Click here to print out customizable license plates. A large license plate and a smaller one for your Tonka Trucks will print out.

Contacting Avery Dennison for Information on Avery Kids™ Stickers and Cards

GARAGE

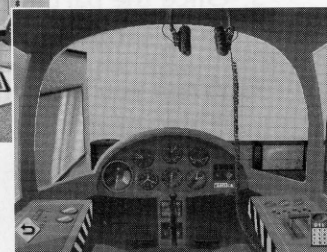

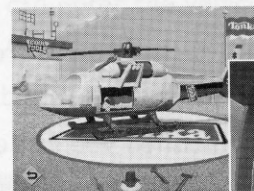

"Hi, I'm Suzy Sparks. Welcome to the Garage. I hope you don't mind getting a little grubby. When you finish each vehicle, print out a picture of it or click on "GO" to take a brief spin."

Rescue Helicopter

This helicopter was brought in all beat-up. You can use your Tonka Cool Tools™ to repair it.

1. Click on a Cool Tool™.
You'll see a flashing outline around the area to apply the tool to.
2. Click the Cool Tool™ on the flashing bolt or area to fix.
3. When you are all finished, you can print out a picture.

4. You can enter the vehicle by clicking the "GO" hand.
5. Turn the ignition key and pull back on the throttle to fly off.

Fire Truck

This truck isn't quite ready for a mission. We need you to equip it.

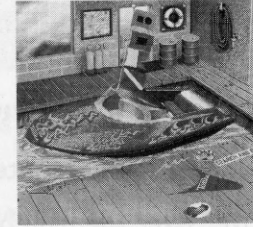

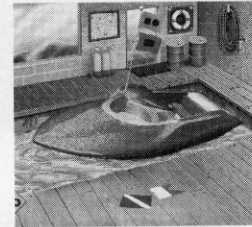

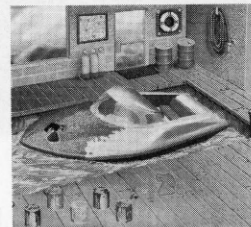

1. Click on a piece of equipment.
2. Match equipment to it's shadow on the truck and click piece onto it's shadow.
3. Once the part is attached to the truck, use your cursor to bolt the equipment to the truck.
4. When you are all finished you can enter the vehicle by clicking the "GO" hand.
5. Turn the ignition key, pull back on the stick shift, and press the gas to drive off.

Rescue Boat

Our rescue boat could use some creative sprucing up.

1. Click on the paint sprayer, then select a color by clicking the sprayer on a can of paint. Finish painting by placing the sprayer back in it's original spot.
2. Click and drag the flags onto the boat's flagpole in any order you choose.
3. Place stickers on the boat's front, middle-side and back-side.
4. When you are all finished you can enter the vehicle by clicking the "GO" hand, or print a picture of it.
5. Turn the ignition key and pull back on the throttle to drive off.

Click the Go Back icon when you are finished and go to the next page for more practice.

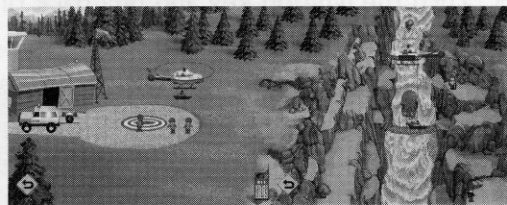

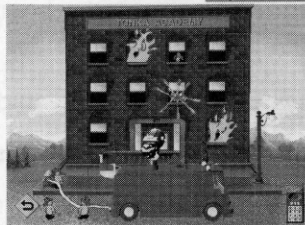

TRAINING ACADEMY

"I'm Coach Blaze. Tonka Academy will train you to use the new Search & Rescue vehicles so you can Drive with Pride!"

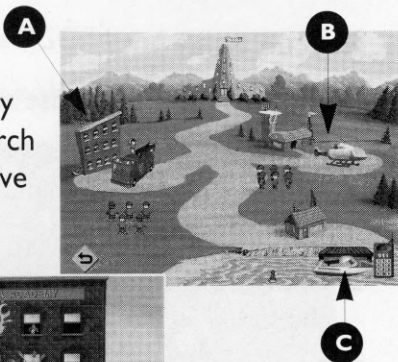

A Fire Truck

1. Point your cursor at a burning window and click to launch a ball of water.
2. Point your cursor over a person and click to launch a giant pie.
3. Click on the Go Back icon once you feel ready to continue.

B Helicopter Rescue

1. Click on the helicopter to start it up.
2. Hover over the blue basket and click your mouse to lower the helicopter's hook

3. The people will attach the basket. Once they do, click the mouse to raise it up.
4. Fly the helicopter to the left and locate the stranded hikers. Hover over the hikers and click your mouse to lower the basket.
5. After the hikers jump into the basket, click again to raise them up.
6. Return to the red and white landing pad.
7. Click to lower hikers in the basket on to the landing pad.
8. Land the helicopter to end, then click on the Go Back Icon, or return to the gorge to save more hikers.

C Rescue Boat

1. Click on the rescue boat to start its engine.
2. Drive the rescue boat to the right edge of screen to scroll.
3. Navigate boat through the maze of obstacles to rescue the trapped boaters.
4. Once a boater is inside your boat, return them to the docks.
5. Click the Go Back Icon when you are finished training, or return to the maze for more practice.

//// Missions

There are 3 exciting mission sites for you to tackle once you've finished your training at the Academy and the Garage. There's a fire on the docks, an earthquake battered zoo, and a flood ravaged community. Just click on one of the mission buttons to enter the action.

Common Mission Items

Each area has some common items that help you navigate and get through the sites.

Go Back Icon

Click this symbol to return to the previous screen.

911 Icon

The current host will give you help and info on the area you are in.

Award Icon

When you complete the Garage, Academy or any Missions you'll earn an award. Click here to go to the Print Center and receive it.

Printer Icon

Click this to print out a picture of the current screen.

Flagman

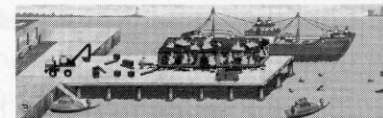

The flagmen mark the spots for you to return vehicles, clear debris, and drop off rescued people. They'll be waving their flags to say "Over Here!"

DOCKS MISSION SITE

"Hey there, I'm Nick Park.

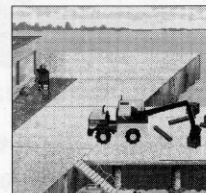

This burning warehouse has trapped some sailors on a ship. They need your help. Douse the flames, demolish the warehouse, rescue the sailors, and help set up an amusement park!"

Scoop Pipes and Boxes

1. Click backhoe to start its engine.

2. Backup backhoe to boxes and pipes.

3. Click your mouse to scoop up a box or a pipe.

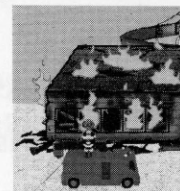

4. Drive to opposite flagman and click the mouse again to empty your scoop.

Douse Fire

1. Click on fire truck to start its engine.

2. Position the truck near the burning warehouse and click your mouse to launch water.

3. When the fire is out, return the fire truck to the flagman.

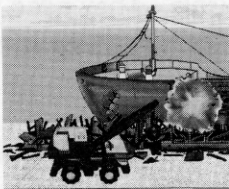

Demolish Warehouse

1. Click on the wrecking-ball to start its engine.
2. Position the truck next to the warehouse.

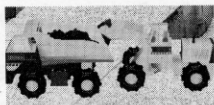

3. Click the mouse once to pull the wrecking-ball back.
4. Click the mouse to release ball and smash the building.
5. Repeat until the entire building is demolished.

Clear Debris

1. Click on the bulldozer to start.
2. With the bulldozer scoop lowered, drive to debris and click your mouse to scoop up.
3. Drive to the back of the dump truck and click your mouse to drop debris into truck.

4. Repeat until all the debris is cleared from the dock.

Repair Ship

1. Click on the crane to start.
2. Position the crane over the steel plate on transport vehicle.
3. Click the mouse to grab the steel plate.

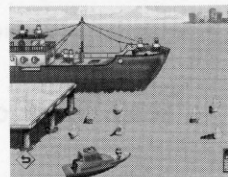

4. Drive the crane to the hole in the ship's hull and click mouse to place the steel plate.
5. After the people weld the plate on to the ship, return crane to flagman.

Deploy Rescue Boat

1. Click on the fireboat to start its engine.

2. Drive to the right and aim water cannon towards a flaming barrel.

3. Click mouse to launch a ball of water.

4. After barrels are extinguished, drive the fireboat alongside the sailor's ship.
5. Return sailors to the dock after you have rescued them.

Clean up Harbor

1. Click on the helicopter to start its engine.
2. Position the helicopter over a barrel.
3. Click your mouse to lower magnet over a barrel.

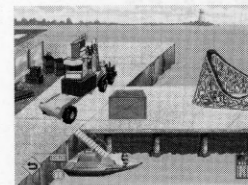

4. Once a barrel is attached to the magnet, click mouse to raise up.

5. Fly helicopter with barrel over to dump the truck and click your mouse to lower the barrel into the truck.

6. Repeat until you have all the barrels in the dump truck.

Decorate when you are finished. A truck will pull up with several items for you to choose from. Place items where you like.

Print out your scene or click the Award icon for your award.

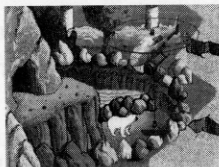

ZOO MISSION SITE

"I'm Rudy Forest. A big earthquake has damaged all the animal habitats. We need you to rescue the animals and repair the zoo."

Rescue Animals

1. Start up the helicopter by clicking on it.
2. Fly over an animal and lower the basket to the animal by clicking your mouse button.
3. Once an animal is in the basket, click the mouse button to raise basket.
4. Fly to the flagman and lower animal into its habitat by clicking your mouse again.

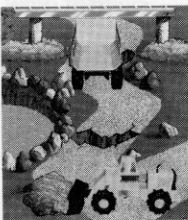

Blow-up Dam

1. People will place TNT in the bear's moat.
2. Click on the big red TNT plunger to detonate the blockage.

Remove Tree Chips

1. After people chip the trees into a pile, click your mouse on the bulldozer.
2. With the bulldozer scoop lowered, click your mouse while scoop is near the wood chip pile.

3. Drive to the back of the dump truck and click your mouse to drop wood chips into the truck.

Repair Monorail

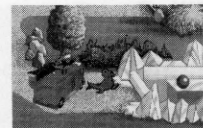

1. Click on the crane to start its engine.
2. Position the crane over a broken monorail piece and click your mouse to pick it up.
3. Position the crane to the closest broken piece of monorail track.
4. Click your mouse to drop the track into place.

Fill Seal Pool

1. Click on the fire truck to start its engine.

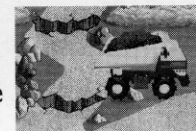

2. Drive the fire truck to the seal's pool and click the mouse to fire a water ball into the pool.

3. Repeat until the pool is full and the seal enters the pool.
4. Return the fire truck to the flagman.

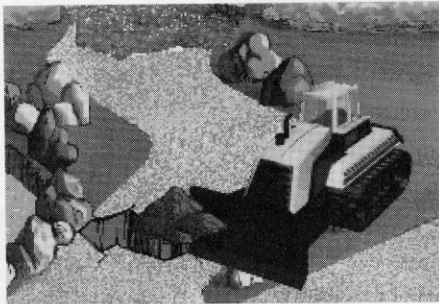

Place Dirt

1. Click the dump truck to start its engine.
2. Back dump truck into large cracks in the road and click your mouse to drop a pile of dirt.
3. Return the dump truck to the flagman when all dirt is placed.

Fill Cracks

1. Click on the bulldozer to start its engine.
2. Drive bulldozer with scoop pushing the dirt piles into the cracks.

3. Return the bulldozer when all road cracks are filled.

Decorate when you are finished. A truck will pull up with several items for you to choose from. Place items where you like. Print out your scene or click the Award icon for your award.

FLOOD MISSION SITE

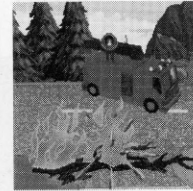

"Nate Cod here, We had a terrible storm blow through here last night. We need your help to set things right."

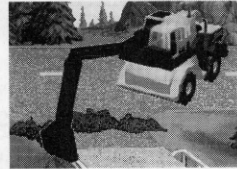

Douse Fire

1. Click on the fire truck to start its engine.
2. Position the fire truck over the burning tree and click your mouse to drop water.
3. Return the fire truck to the flagman when all flames are doused.

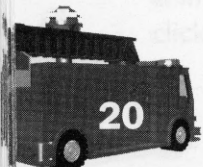

Scoop Ashes

1. Click the backhoe to start its engine.
2. Back up the backhoe to the pile of ashes and click your mouse to scoop.
3. After ashes are in scoop, click mouse again to drop ashes anywhere you like.

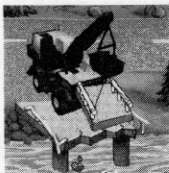

Repair Bridge

1. Click the crane to start its engine.

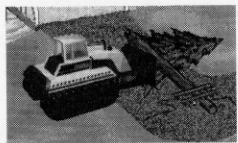

2. Click the mouse to swing the crane over bridge piece.
3. Click the mouse to pick up the bridge piece.
4. Click the mouse to drop the piece into place.

Move Debris

1. Click on the bulldozer to start it up.
2. Push debris off road by driving bulldozer scoop into debris.
3. Return the bulldozer when the road is clear, or when Nate Cod says to.

Tow Cars

1. Click on the tow-truck to start it up.
2. Back the tow-truck into cars, and click mouse to hook cars up.
3. Drive the tow truck, with cars attached, to the flagman.

Rescue People

1. Click the pickup truck to start and drive it to the lake at the bottom right hand corner of the scene.
2. Back up the pickup truck into lake and click mouse to launch boat.

3. Click boat to start up and drive to stranded people.
4. Once people are in the boat, return to shore.
5. Return the pickup truck to flagman.

Rescue the Dog

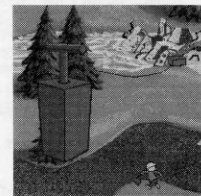

1. Click on helicopter to start it up.
2. Fly over the dog and click the mouse to lower rescue basket.
3. Once the dog is in the basket, click your mouse to raise basket up.
4. Fly over to the flagman and click the mouse to lower the basket.

5. Return the helicopter to the flagman once the dog is out of basket.

Blow up debris

1. Click on TNT plunger after the people place the TNT.

Decorate when you are finished. A truck will pull up with several items for you to choose from. Place items where you like. Print out your scene or click the Award icon for your award.

Technical Support

Before you call for technical support...

Consult the user help file on CD-ROM

If you are having technical difficulties with the Tonka® Search & Rescue CD-ROM game, please consult the README.TXT file on the CD-ROM before calling technical support. If you call technical support, please have the following information available (and be ready to take notes):

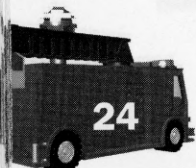

1. The correct name of the game.
2. The type of computer you are running the game on.
3. Exact error message reported (if any).

For telephone technical support, please call 800-997-7455. If you live in an area that does not support the 800 number, please call (410) 568-2377. Support hours are from 8:00 a.m. to 12:00 a.m., Eastern Standard Time, Monday through Friday, and from 8:00 a.m. to 8:00 p.m., Eastern Standard Time, Saturday and Sunday, holidays excluded. No game hints will be given through this number.

You may communicate with our technical support directly from the Internet or through popular commercial online providers, such as America Online, Prodigy, and CompuServe. Direct any E-mail questions concerning the Tonka® Search and Rescue CD-ROM game to: support@hasbro.com

To find out more about Tonka® Search & Rescue game and all of Hasbro Interactive's family of classic interactive CD-ROM games, please visit:

Legal Notice/Limited Warranty

Hasbro Interactive's Limited Ninety-Day Warranty

Hasbro Interactive warrants for a period of ninety (90) days following the original retail purchase of this copy of the Tonka® Search & Rescue CD-ROM game that the program is free from substantial errors or defects that will materially interfere with the operation of the program as described in the enclosed user documentation. This policy applies to the initial purchaser only.

If you believe you have found any such error or defect in the program during the warranty period, call Hasbro Interactive's Customer Support Department toll free at (800) 997-7455, or (410) 568-2377 for international calls, between the hours of 8:00 a.m. and 12:00 a.m. Monday through Friday (Eastern Time) and 8:00 a.m. to 8:00 p.m. Saturday and Sunday, holidays excluded. Our technical personnel will attempt to help you correct any problem that may occur. If you have a problem resulting from a manufacturing defect in the CD-ROM, Hasbro Interactive will replace your compact disc with a corrected version. For problems resulting from your system software or hardware, Hasbro Interactive will suggest technical solutions to help you avoid the problem.

This warranty gives you specific legal rights, and you may also have rights which vary from state to state.

Disc Replacement Policy

If this CD-ROM product fails within ninety (90) days of purchase for any reason other than accident or misuse, please return the defective disc together with a dated proof of purchase to Hasbro Interactive Software Consumer Returns, 50 Dunham Road, Beverly, MA 01915, for a free replacement. This policy applies to the original purchaser only.

Limitations on Warranty

Unauthorized representations: Hasbro Interactive warrants only that the program will perform substantially as described in the user documentation. No other advertising, description or representation, whether made by a Hasbro Interactive dealer, distributor, agent or employee, shall be binding upon Hasbro Interactive or shall change the terms of this warranty.

Implied warranties limited: Except as stated above, Hasbro Interactive makes no other warranty, expressed or implied, regarding this product. Hasbro Interactive disclaims any warranty that the software is fit for a particular purpose, and any implied warranty of merchantability shall be limited to the ninety (90) day duration of this limited express warranty and is otherwise expressly and specifically disclaimed. Some states do not allow exclusions or limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

No consequential damages: Hasbro Interactive shall not be liable for special, incidental, consequential or other damages, even if Hasbro Interactive is advised of or aware of the possibility of such damages. This means that Hasbro Interactive shall not be responsible or liable for lost profits or revenues, or for damages or costs incurred as a result of loss of time, data, or use of the software, or from any other cause, except for the actual cost of this product. In no event shall Hasbro Interactive's liability exceed the purchase price of this product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

You are entitled to use this product for your own use, but may not sell or transfer reproductions of the software or manual to other parties in any way. You may use one copy of the product on a single terminal connected to a single computer. You may not network the product or otherwise use it on more than one computer or computer terminal at the same time.
