Rivaled Only by the Game Itself!

Now Available for Macintosh

The most realistic and popular golf program ever made has now been enhanced for the Macintosh! *Links Pro Macintosh* takes full advantage of your Mac's graphics capability. Play the exciting *Harbour Town Golf Links* in breathtaking detail. Authentic digitized golf sounds completely immerse you in the game. Your friends won't believe that your computer could look so good or be so entertaining!

Native Power PC Compatible.

Have a Power Macintosh? You'll see lightning fast performance. *LINKS Pro Macintosh* automatically senses if your computer is a Power Macintosh. If so, the *Native Power PC Code* is selected and it zooms. Don't have a Power PC? Not to worry. *LINKS Pro Macintosh* is written in assembly code to maximize performance. With Macintosh graphics, the program generally runs faster than on an equivalent speed PC compatible!

Play Across a Network...

If you're connected to an Appletalk based network, you can even play golf with up to seven other players, wherever they are—on a modem locally or across the world. Take a few minutes at lunch time and play golf with your friends!

...Or Save Your Game for Replay!

Record your game and play against yourself later. Share games with other "LINKSTERS" and play against them stroke for stroke. It's almost like having them with you!

Reviewers Say It Best.

Here is what some of the major gaming magazines have said about our DOS version of *LINKS 386 Pro* which has now been enhanced for the Macintosh:

"PC Game of the Year"
Game Player Magazine

"Reader's Choice Award"
MultiMedia World

"Golden Triad Award"
Computer Game Review

"Best Graphics Award"

Video Games and Computer Entertainment

"Compute's Choice Award"
Compute

"SPA Award" Best Sports Program 1993
Software Publishers Association

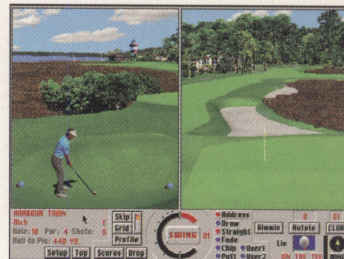

"The best golf game on the planet!"
PC Home Journal

The Best Sports Program of 1993 Now Enhanced for the Mac!

Features Galore!

- Play golf anytime of the day or night on your own Macintosh computer.
- Play on world-famous Harbour Town Golf Links. The entire course is painstakingly reproduced in every detail.

- Play golf on some of the world's greatest golf courses with *LINKS Championship Course* add-ons.
- Nine different viewing windows, over 345 different combinations
- Statistics can be recorded for each player and game, with optional print out.
- Course statistics help you play the course with greater effectiveness.
- Saved Shot feature allows you to replay your best shots later.
- Realistic sounds of birds chirping, buddies razzing you on a bad shot, kudos on a good one, etc.

- Male and female golfers, with ten different shirt colors to choose.
- Spectacular texturing of fairways, rough, sand, and water!
- Play golf with voice recognition if you have A/V capability. Select your clubs and shot type (draw, fade, chip, etc.) all with the ease of voice commands.

REQUIRES: 13" (or larger) 256 color monitor, 4 MB RAM (8 recommended), System 6.07 or higher, 4 MB of free hard disk space.
